60 Days

\$ 53 500 returned

After your initial 120 days, if you extend your investment for an additional 60 days, you will earn a fixed return of 7%. At the end of this period the instrument matures, your capital is returned in full along with the 7% enhancement. This short-term, flexible opportunity lets you maximise your wealth with minimal if no risk. Your financial future is in your hands.
